A day with Dan – Head Chef Dan Andree at The White Hart Preston Bissett

An absolute pleasure to be shooting outstanding products for I.O.Shen Knives with the talented Head Chef Dan Andree at The White Hart Preston Bissett.

A shoot showcasing the hard work and some behind the scenes shots of Chef Dan hard at work. He has an amazing detail to finish and a visual take of dishes. The detail, taste, colours and textures of his food was a delight to witness.

I get to meet and shoot with lots of foodie people, chefs and creators – it’s great to see such drive and passion for creating not only great food but a total emersion of experience. A truly great guy and bloody wonderful Head Chef too. Thanks, Dan for a great shoot and food. All prepped with those wonderful I.O.Shen blades of course.
