Wood, Fire and Smoke…. with Cornelius Veakins.

On a shoot with Cornelius Veakins from the www.outdoorbbqchef.co.uk

In a nutshell – Cornelius sets fire to wood and creates amazing food! Simple hey….. Well I'd like to think so, he does make it look easy.

Prepped with those lovely blades too – http://ioshen.co.uk

I learnt of a great new cookware thanks to https://www.instagram.com/mauvielusa/
