Those flavours from the BBQ and herbs and yogurt....

I set to work firstly BBQ-ing the Chicken (remember 75 alive! as that great BBQ chef <u>Marcus</u> taught me) so out with the thermopen.

Dry herbs, smoked paprika - done.

Bowl of Sheep's Milk Yogurt from our friends at <u>@woodlandsdairy</u> with a touch of cracked black pepper and lime juice / bunch of coriander leafs.

Plates from our #propscupboard (ever growing) Cutlery from our friends at <u>@studiowilliamcutlery</u>
